Solution for Wireless access in a trailer park - [Solved]

2019/10/31

I am trying to provide a wireless solution for a trailer park. Of course everyone wants to use it inside their rig. The metal construction is fighting me.Q1: Would B/G be less likely to be blocked than AC?Q2: I'm wondering if an external roof-top antenna with an internal repeater would be helpful. Anyone know of such a device?Any other creative ideas?Thanks.
